ROOM STUDY

An architectural concept identity that makes spatial alternatives comparable before material or construction commitments.

THE MARK

A flexible identity with a clear first use

RECOGNITION MOVES

Three source-grounded rules in use

A **B**

Lead with a room outline and a clearly reserved strip; retain the same object inventory across alternatives.

LAYOUT

ROOM STUDY

Use monospaced dimensions and object labels beside plain sans-serif explanations.

RULE 02

01 **02** **03**

Give concept-only status a stable visible position near the title.

RULE 03

ADAPTATION

Large boards may pair plans horizontally; narrow pages stack them at the same scale.
