THE MATERIAL REGISTER

A catalogue identity that gives samples a consistent record so texture, construction and provenance can be compared.

THE MARK

A flexible identity with a clear first use

RECOGNITION MOVES

Three source-grounded rules in use

The Material Register

Use Arial for specimen names and monospaced identifiers for records.

RULE 01

01	02	03

Keep one specimen per repeated unit with stable label positions.

RULE 02

THE MATERIAL REGISTER

Separate observed material properties from intended uses.

RULE 03

ADAPTATION

Digital entries can add images without changing the record order.
